Congress Discussed the North Capital and C Lot, but Decides Nothing.

OPPOSITION TO ANY ACTION

The Bill Provides for a Substantial Building, Spacious Quarters, and Excellent Facilities, but the Obstructionists Criticise Severely-Approved By the Printers.

On motion of Mr. Catchings, the bill providing for the erection of a government printing house on the site between C and D streets, abutting Delaware avenue and North Capital streets, was taken up for consideration yesterday, and on motion of Mr. Bankhead, chairman of the Committee on Public Buildings and Grounds, the House went into Committee of the Whole. The bill appropriates flowers of the field and the blossoms which \$300,000 for the purchase of land other than grow in the woods or by the wayside. These that now owned by the government, and \$1,500,000 for the erection of a building

> Mr. Bankhead opened with a discussion of the bill, urging the great railway advantages of the site proposed, and quoted Gen. Casey as declaring that the lot in question was a great advantage, and then read a letter from the typographical union, commending the location chosen.

Mr. Hopkins here interposed that this loca-tion would give the Baitimore and Ohio road a monopoly of the transportation, but Mr. Bankhead said that competition would regu-

After some lengthy debate between Messrs, Crain, Milliken, Bryan, and Bankhead, the latter, to cut off needless talk, asked at 2.30 o'clock unanimous consent to limit debate, suggesting 3 o'clock as the hour for closing

suggesting 3 o'clock as the hour for closing the same, Objection was made. Then, on motion of Mr. Bankhead, the committee rose, and a warm discussion occurred on closing debate, in which Messers, Hopkins, Johnson, Burrows, and Bankhead took part.

At 2.40 Mr. Bankhead moved that general debate be limited to two hours. The Republicans refrained from voting, and as there were but sixty votes in the affirmative, Mr. Burrows made the point of no quorum Mr. Bankhead demanded the yeas and nays, pending which Mr. Burrows moved to adjourn, which was defeated—42 to 75.

Mr. Bankhead demanded the yeas and nays and the question of adjourning and Mr. Bur-rows asked for tellers on the demand for yeas and nays, but before this was ordered the opposing factions came together and patched up an agreement, whereby the opponents of the bill should be allowed two and a half hours of general debate and its friends one hour. The House then went into Committee of the Whole to resume the consideration of the printing bill, and Mr. Bynum resumed the

KING KABAREGA PUNISHED.

Their Native Allies.

ZANZIBAR, May 7.-Advices have reached Charghters of the Revolution Social.

The Continental chapter of the Daughters of the punitive expedition, under the command

In November last Kabarega attacked a chief at Toru, who was a British ally. The chief applied to the British for aid and a force of 200 Nubian soldiers, commanded by Major Owen, was sent to his assistance. This force met the force of Kabarega, and after a fight lasting three hours, the latter fled, leaving at least fifty dead on the field. War was then declared on Kabarega, and a force of 700 Nubians and 10,000 Wayanda natives was sent inus and 10,000 Wayanda natives was sent against him. Five thousand of the latter car-

Gen, Blanco, sent to punish the marauding natives, recently repulsed an attack that was made on the fortified positions occupied by the Spanish forces at Leceta. Ten of the at-tacking force was killed and many were wounded. The Spaniards then attacked the natives at Mainfa. One of the natives was killed in this engagement, but a large num-ber were wounded. A Spanish officer was killed.

KING'S PALACE, TRYING TO CHOOSE A SITE WEAK OPENING ON WALLSTREET Sugar Rises and Almost Everything Else Wenk and Irregular,

> NEW YORK, May 7.—To-day's stock market was inactive and without prominent feature, the dealings being very largely confined to the St. Paul, of the railway list, did more than half the business, the only other stock in which the transactions exceeded 10,000 shares being Gen-

transactions exceeded 10,000 shares being General Electric

The tone of speculation at the opening was weak and prices generally 14,284 per cent. lower. Sugar was, however, an exception, and on good buying rose 1 per cent, as compared with the closing sale of Saturday. The advance led to realizations which induced a selling movement by the short interest and prices took a sharp downward turn, there being no supporting orders in the market until 100% was fouched, a decline of 2 per cent, from the top figures of the morning. Then some covering was done, which caused a raily of 15%, followed by a reaction of 11% and a final recovery of 1%, the closing price being the same as Saturday?

Sugar preferred increased on the day. St. Paul was held very steading during the last hour on a report, which lacks confirmation, to the effect that the company contemplated the issue of bonds to the amount of \$5,000,330 for equipment purposes. This led to a decline in the stock of 1% per cent, the last being the lowest price of the day. General Electric gained 1% in the opening trading, but quickly declined 1% on liquidating sales said to be for the account of a Beston estate.

A raily of 16 took place in the final dealings.

point touched. The general market was irregular and unsettled during the day, the fluctuations being narrow in the usually active sharea. The late dealing were weak in tone and the market closed with about as many stochs showing declines on the day as there was advances. In the column of gains the more prominent were lowa Central preferred, 24; Morris and Esser 2; Interior Cenduit 19, and Wheeling and Lake Eric preferred, 19. The more notable declines are Fullman, 2 per cent; United States Leather preferred, 18; Manhattan and American Tobacco each 1 per cent, and Baltimore and Ohio 194 per cent. The Grangers are down \$485 per cent.

It is thought that the shipments of gold this week will about equal last week's experts, but the amount to go forward will largely depend on whether London becomes a seller or buyer on the New York stock exchange. The \$1,00,000 gold to be shipped by the Trave to morrow was taken from the subtreasury. The band market was only moderately active and was heavier in tone than for some time past. The demand was materially lessened. Prices are irregular compared with previous figures.
